WORK EXPERIENCE

Software Engineer
Clinchinfosystems Pvt. Lmt.

01/2022 - Present

Achievements/Tasks
- I am working as an outsourced developer for a UK-based company MNAI. MNAI is a data and analytics platform that provides meaningful insight into all UK companies. Here, my job is to migrate their old PHP application into a new front-end in react from scratch. (**Next.js, Material UI, Typescript**)

Software Engineer
Innovationm Pvt. Lmt.

07/2021 - 01/2022

Achievements/Tasks
- I had worked on an event booking feature for Dineout. I have learned **Next.js** here. I have created a UI design and did API integration for the event detail page. (**Next.js, SSR, SASS**)

Full Stack Developer
Panaesha Capital Pvt. Ltd.

09/2019 - 06/2021

Achievements/Tasks
- **PCEX Member** is a cryptocurrency exchange and trading platform. I have created a whole front-end application from scratch, implemented a live crypto view, buy/sell crypto, Tradingview Chart, order history, wallets, etc (**React, Redux, Material UI, Typescript**)
- **Feelium E-contract** is a platform where users can create contracts online digitally. I am being a core member here. I have implemented digital KYC, Payment gateway integration, etc. (**Angular 4+, Bootstrap, Typescript**)
- **Fintech Crypto News** is a blockchain-based blogging niche website. (**React, Redux, Bootstrap**)
- **PCEX Member App** is an android app. I worked on the wallet and orders screen. (**React Native, Redux, Expo, Typescript**)
